Re Chicago letter to the Bureau dated 1/11/63.

Currently, there are 43 Polish nationals residing in Chicago, Ill., who are to be taken into custody in the event of hostilities. The following is a breakdown of the

Polish [redacted]
[redacted]

(U) Male:	12
(U) Female:	2
Wives of above male personnel:	2
<u>Dependents</u>	
Mother of female employee:	1
Wives, <u>not</u> including the above two:	8
Minor children:	<u>18</u>
(U) Total	43

It is noted that referenced letter reported a total of 42 Polish nationals residing in Chicago. This figure should be 43 since there are 18 minor children, rather than 17 as previously reported. Chicago has corrected its figures.

It is estimated that Chicago will utilize 60 Special Agents of the FBI, and 12 plain-clothes police officers from the Chicago Police Department in the event this plan is put into effect.

If it becomes obvious that some particular subject not heretofore included on this list, should be given priority handling, the Bureau will be promptly advised.

Reference is also made to Bureau letter to WFO dated 6/3/54, in captioned matter, requesting this office to indicate the total personnel needed to fully implement instant program. It is my opinion that 273 Agents will be needed to handle all phases of captioned program. This number of Agents will be available from those squads in WFO handling Soviet and Satellite Bloc matters and Espionage and Foreign Intelligence matters, with a small number to be obtained from among personnel assigned to other investigative matters in WFO at the present time.

VENETIA CONVENTION ON DIPLOMATIC RELATIONS

On September 5, 1931, this Bureau commented on Articles 27 and 30 of the Vienna Convention on Diplomatic Relations in a letter to then Assistant Attorney General Nicholas deB. Katzenbach.

It was pointed out that the United States positions on these two articles were not adopted at Vienna, and the language of Articles 27 and 30 could raise serious questions affecting national security. Article 27 states that the diplomatic bag shall not be opened or detained and does not contain a proviso that the diplomatic bag can be opened or detained when it obviously contains items in violation of law. Article 30 provides for continuation of diplomatic immunities even in case of war, but does not provide for protective custody of enemy diplomats in event of war.

Would it be possible at this time for you to advise this Bureau concerning the present United States position on the Vienna Convention on Diplomatic Relations? If consideration is being given to referral to the Senate for ratification, has thought been given to adding a proviso similar to the one annexed to the United Nations Headquarters Agreement? Section six of Annex two of that document states, "Nothing in the agreement shall be construed as in any way diminishing, abridging, or weakening the right of the United States to ~~for~~ guard its own security..." This is with reference to your inquiry of February 23, 1963, concerning the above. The Department of State has informally advised us that it intends shortly to recommend submission of the Convention to the Senate for ratification. It is not believed appropriate to suggest a reservation along the lines indicated in your memorandum. Nor is it believed that the articles referred to in your memorandum would adversely affect the security of the United States. These matters were recently discussed by the Deputy Attorney General with the Legal Adviser of the Department of State. It was concluded that the articles in question would not compel a change in existing practices or plans.

If it becomes obvious that some particular subject not heretofore included on this list, should be given priority handling, the Bureau will be promptly advised.

(U) ~~(S)~~ Reference is also made to Bureau letter to WFO dated 6/3/54, in captioned matter, requesting this office to indicate the total personnel needed to fully implement instant program. It is my opinion that 276 Agents will be needed to handle all phases of captioned program. This number of Agents will be available from those squads in WFO handling [Soviet and Satellite Bloc] matters and Espionage and Foreign Intelligence matters, with a small number to be obtained from among personnel assigned to other investigative matters in WFO at the present time.

In accordance with reBulet of 9/21/53, WFO will continue to submit, in the future, the revised priority list, and the requested statistical information on a monthly basis. If it becomes obvious that some particular subject not heretofore included on this list, should be given priority handling, the Bureau will be promptly advised.

Reference is also made to Bureau letter to WFO dated 6/3/54, in captioned matter, requesting this office to indicate the total personnel needed to fully implement instant program. It is my opinion that 276 Agents will be needed to handle all phases of captioned program. This number of Agents will be available from those squads in WFO handling [Soviet and Satellite Bloc] matters and Espionage and Foreign Intelligence matters, with a small number to be obtained from among personnel assigned to other investigative matters in WFO at the present time.

I. Investigating has determined personnel of Soviet Embassy, Washington, D.C., have rented two residences for the summer season, 1963. Two adjacent cottages, the Brownlee and the MacDaniel cottages, off of West Shadyside Road, Shadyside, Anne Arundel County, Maryland, have been rented by the Soviet Embassy, and are being used as a summer camp for the children of officials and employees of the Soviet Embassy, Washington, D.C. The period of rental extends to September 1, 1963. In addition to the Soviets, some of the children of personnel assigned to the Czechoslovakian Embassy also use these two cottages. ~~(S)~~ (U)

II. The Soviet cottages are occupied by 30 to 40 children under the control of several adults. The buildings themselves are large, with the Brownlee cottage, a fairly new brick structure immediately on the water and the McDaniel cottage, an older frame structure, 75 yards inland. The activities of the children are closely supervised, and there appears to be organized activity in progress at all times. Visiting parents and guests are present on the weekends. These cottages are reached by proceeding to Shadyside, via Maryland Route 468, then north on West Shadyside Road to the local "Little League" ball field, where a right turn is made. Approximately one-fourth mile down that road, the beach is visible, and signs indicate the locations of the Brownlee and McDaniel cottages. ~~(S)~~ (U)

(U) ~~(S)~~ (U) III. The handling of the custodial pickup of ~~(S)~~ Soviet personnel at their ~~(S)~~ beach residences will be closely coordinated with the operation of the PRODIP program in Washington. Bureau Agents will be held in readiness in the vicinities of these residences. Immediately after the presentation of the State Department note to the ranking official at the ~~(S)~~ Soviet Embassy

In accordance with reBulet of 9/21/53, WFO will continue to submit, in the future, the revised priority list, and the requested statistical information on a monthly basis. If it becomes obvious that some particular subject not heretofore included on this list, should be given priority handling, the Bureau will be promptly advised.

Reference is also made to Bureau letter to WFO dated 6/3/54, in captioned matter, requesting this office to indicate the total personnel needed to fully implement instant program. It is my opinion that 276 Agents will be needed to handle all phases of captioned program. This number of Agents will be available from those squads in WFO handling Soviet and Satellite Bloc matters and Espionage and Foreign Intelligence matters, with a small number to be obtained from among personnel assigned to other investigative matters in WFO at the present time.

At the present time, only nine agents assigned to Washington Field having current PRODIP responsibilities have attended either the May, 1958, or the November, 1960, course of training, or both.

There are [15 Soviet and satellite] establishments that Washington Field has responsibilities for under this program. To bring the required number of trained agents up to date, plus four additional agents for use in the larger establishments, it is necessary that more agents receive training in this matter.
